HOOKAH BAR

Hookah List

HOOKAH LIST

Hookah (hukka or huqqah), also known as a waterpipe, narghile, arghila, or qalyan, is a single- or multi-stemmed instrument for vaporizing and smoking flavored tobacco called shisha in which the vapor or smoke is passed through a water basin (often glass-based) before inhalation. Depending on the placement of the coal above the shisha, a hookah can be used to produce smoke by burning the shisha or used to create water vapor by melting it at a lower temperature.
