TBonz Foundation Inc., is the non-profit sector of HHG. It is the lifeline between successful business & community partnership. Since we first opened our doors, in 1985, “giving back” has been a big part of our culture. The foundation is funded by a percentage of all gross sales, not just net profits from each restaurant. Inherent to the philosophy of our foundation, is the belief & practice of active participation as well as passive contributions. They are used for the betterment of the communities through donations to various charities, service projects and deserving individuals. We are acutely aware that we are only as good as what we return to our communities that nurture us.
